HISTORY & HERITAGE

HISTORY

The establishment of the Junior College of Broward County was authorized by the Florida State Legislature in 1959 when it designated Broward County as a Priority One area. The Advisory Committee was appointed on October 21, 1959; on the same date the Board of Public Instruction passed a resolution establishing the Junior College. The first President, Dr. Joe B. Rushing, was employed March 17, 1960, and assumed his duties on April 7, 1960.

The first session began on August 30, 1960, when 438 full-time students and 249 part-time students enrolled. Classes were held in the buildings of the former Naval Air Station adjacent to the Fort Lauderdale-Hollywood International Airport. The Branch Campus of the Junior College of Broward County was opened August 28, 1961, at Dillard Comprehensive High School. In September, 1963, the Branch Campus was closed because of low enrollment. All students now attend classes on the Main Campus.

HERITAGE

In a school-wide referendum held in 1960 J.C.B.C. students voted to follow the "Venice of America" theme of Fort Lauderdale and to reflect the city's location on the Atlantic Ocean and its many canals in choosing names for athletic teams, student publications, school colors and mascot. The name chosen for the student body was "The Venetians," although the Seahorse mascot has been by common usage the name by which the College is referred to in most cases. The Venetian Crier is the student newspaper of the Junior College and is noted for being one of the best newspapers published by any Florida junior college. The sea theme is further carried out by the silver and blue school colors and the Silver Sands yearbook-magazine.

The Junior College has two seals. The official seal is an open book superimposed over a map of the State of Florida. This seal, appearing on the official documents of the College, is set in a terrazzo mosaic beneath the canopy between the Administration Building and the Data Processing Building. A student at the Junior College designed a student seal that depicts a gondolier on the Grand Canal of Venice, Italy. This seal, also set in a mosaic, is found on the patio on the south side of the Library. This seal is to be used by official student organizations.

The most obvious activity incoming students will face during their first few weeks of life at the Junior College is "Rat Week." During this week new students, referred to as "Rats," are introduced to the customs and to the ways of the Junior College. Rats are required to perform designated activities and services for their betters, namely the Sophomores. Infractions of traditional rules or a lack of proper spirit in the performance of these services will result in the Rat being required to appear before the Rat Court to plead his case before being sentenced, guilty or not. At the end of Rat Week a King and Queen of the Rats are chosen by the members of the Court and crowned at the annual Rat Dance.

At the start of the basketball season there is a pep rally, bon-fire, and dance to start the Seahorses on a new hardwood campaign. In the early spring, when the sap begins to rise, the annual Tricycle Race is held. This noted event pits top-flight trike riders from the faculty with outstanding pedal-pushers from the student body. In the past this activity has been the source of much discussion and comment by all concerned.

At the end of the regular school year Recognition Night is held to honor outstanding students and clubs for their work in school service, activities, interests and athletics. The Student Activities Board also makes awards to the outstanding man and woman of each class. Scholarships are also presented to students for continuing work at the Junior College or for students transferring to senior colleges.

This is a brief look at your school's history and heritage. What is added, in a good part, will be the product of your efforts.

PURPOSES

The Junior College of Broward County has as its main purposes:

1. To provide programs which parallel the first two years of degree programs in four-year colleges and universities.
2. To provide educational programs for students who do not plan to complete a four-year degree program but who can profit from one-year or two-year programs of general education, semi-professional education and specialized education beyond the high school level.
3. To provide programs for students which will enrich their cultural lives and improve their personal efficiency.
4. To serve all segments of the population by becoming an educational and cultural center for Broward County and for South Florida.

ACCREDITATION

The Junior College of Broward County is accredited by the Florida State Department of Education and has been given advanced recognition by the Southern Association of Colleges and Schools. Courses of study offered have been approved for transfer purposes by all of Florida's four-year colleges and universities.

ACADEMIC INFORMATION

CLASSIFICATION OF STUDENTS

A student who has earned 28 semester hours credit is classified as a sophomore.

A student is a full-time student if he carries not less than 12 semester hours (in academic courses) in a given term. Veterans have to carry 14 academic hours to be eligible for subsistence benefits.

NUMBERS AND CARDS

IBM Number. Each student, upon entrance, is assigned an IBM number. This number will remain unchanged during his years at the Junior College. It provides a positive means of identification. Students should memorize their IBM number as soon as possible.

STUDENT COURSE LOAD

During Terms I and II the minimum course load for a full-time student is twelve (12) semester hours. Veterans must enroll for fourteen (14) or more semester hours in order to qualify for full-time veteran benefits. During Term III the minimum course load for a full-time student is five semester hours each half of the term. The normal course load for a student is sixteen (16) semester hours during Terms I and II and six (6) semester hours during each half of Term III. In exceptional cases a student who has earned a "B" (3.0) average or above on his previous college work may secure written permission from his faculty advisor and the Dean of Instruction to enroll for more than eighteen (18) semester hours. Students should secure the proper petition form from the Admissions and Records Office and have it properly filled out. The maximum number of semester hours for which a student may enroll during each half of Term III is seven.

COURSE NUMBERING

Courses numbered 100-199 are intended primarily for Freshmen. Courses numbered 200-299 are intended primarily for Sophomores. Some flexibility in either direction is permissible.

EVENING COURSES

The Junior College of Broward County provides an educational program for people who are unable to attend college during the day. The evening program is multi-purpose in function. It is designed to offer courses to meet the needs of persons who wish to complete the first two years of a four year college program and those who wish to take two years of college work in some area and terminate their education at this point. It is also designed to meet the needs of persons who wish to increase their proficiencies and broaden their educational and cultural backgrounds by taking a course, or courses, in certain areas. As the total program of the Junior College expands, the program of the evening courses will expand proportionately. The college will, at all times, as financial means and physical facilities permit, attempt to meet student and community needs.

The policies for admission, registration, graduation and requirements are the same for the evening student as it is for the day student. A separate brochure describing the program offered each semester is available. For additional information, please contact the Admissions and Records Office, Junior College of Broward County, 3501 Southwest Davie Rd., Fort Lauderdale, Florida.

SCHOLASTIC STANDARDS

A grade average of "C" (2.0) is required on all academic work attempted to complete certificate and degree programs.

Students will be placed on academic probation at the end of any term that their cumulative grade average becomes less than a "C" grade average.

Students, after being placed on academic probation, will be placed on academic suspension at the end of any term that they become 20 or more grade points below a "C" grade average. No student will be suspended academically at the end of any term in which a term grade point average of 2.0 is attained. After one regular term of suspension has passed, a student may apply for readmission, and may be permitted to register for the next term on academic probation.

Transfer students will be subject to the same academic regulations as regular students at the Junior College.

ACADEMIC HONORS

The College recognizes scholastic achievement by publishing the President's List and the Dean's List at the end of each regular term.

The President's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 4.00.

The Dean's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 3.000 to 3.999.

GRADES & RECORDS

Mid-Term Progress Reports will be available to the student through their faculty advisor and/or the Student Personnel Office at about the middle of the regular terms.

Final Grades are recorded and permanently filed. Students may get their grades from the Registrar's office for a limited time, after which they will be mailed.

	Grade Points Per Semester Hour
A Excellent	4
B Good	3
C Average	2
D Passing	1
F Failure	0
I Incomplete	0
W Official Withdrawal	0
WP Withdrawal Passing	0
WF Withdrawal Failing	0
AU Audit	0
NC Non-credit course	0

"I" grades will become "F" grades if not completed by the date listed in the College Calendar. "I" grades are evaluated as "F" grades until officially removed from the records.

Several questions have been raised regarding incomplete grades. "I" (incomplete) grades are given only for students who are absent because of a serious emergency which affects them or the members of their immediate family. If the Office of Student Personnel Services clears the absences for an emergency period; the student may seek permission from his instructor to take a final examination or other test, which in turn will change his grade from an "I" to the grade earned. There should be no other reason for an "I" grade. Please check the College Calendar in the 1965-66 catalog for the deadline dates for removing an "I" grade.

No student may change a course from Credit to Audit after the first calendar month of terms I and II or after the first calendar week of either term III-A or III-B.

Grade Point Averages are computed on ALL work attempted at ALL colleges.

WITHDRAWAL

WITHDRAWAL FROM COLLEGE COURSES

A student who finds it necessary to withdraw from any course must secure a withdrawal form in the Admissions and Records Office and have it properly filled out and signed. The student is expected to continue in class until the withdrawal procedure has been completed. If excessive absences are reported before date of withdrawal an "F" grade will be placed on the record.

A "W" will be recorded for those withdrawing within one calendar month from the first day of regular registration for each semester. Students who withdraw after this date will receive a "WP" or "WF" entered upon their record. An "F" will be recorded for students who are suspended from class for excessive absences.

Students attending the summer sessions will have "W" entered upon their record if they officially withdraw within the first week of the summer session. A "WP" or "WF" will be recorded for those who withdraw after the first calendar week of the summer session.

A "WF" and "F" record will be included in determining grade point averages; each of them carry the same grade point penalty. These policies apply to all part-time as well as all full-time students.

Students may not withdraw within two weeks of the end of a semester or within one week of the final summer session.

SEQUENCE OF WITHDRAWAL

Since many students bring undue discredit to their academic records because of improper withdrawal, the following outlines list the steps one must take to withdraw properly:

Course withdrawal:

1. Admissions and Records Office to obtain a withdrawal form.
2. Faculty advisor or counselor for approval and advisement.
3. Business Office for financial clearance and adjustment.
4. Admissions and Records Office for completion or withdrawal.

Withdrawal from college:

1. Admissions and Records Office to obtain a withdrawal form.
2. Faculty advisor or counselor for approval.

3. Signature attesting to parental consent for students under 21 years of age.
4. Dean of Instruction for approval.
5. Dean of Students for approval.
6. Library for fee clearance.
7. HPR Office for fee clearance.
8. Business Office for financial clearance.
9. Admissions and Records Office for completion.

ATTENDANCE REGULATIONS

CLASS ATTENDANCE

Regular and punctual attendance at all classes and laboratories is required. Students are responsible for all assignments and instruction presented.

Each instructor keeps a record of class attendance and reports excessive absences to the office of the Dean of Students. Excessive absence is defined as one more absence than the number of semester hours credit assigned to a given course. Excessive absences could result in an administrative entry of "F" on the student's permanent record.

Upon receipt of an excessive absence report, the student must report to the Dean of Students to justify each absence. Written verification signed by a parent or physician must be provided for illness or death in the immediate family. If for any other reason a student is excessively absent, written verification must also be provided.

Students who are absent on the school day preceding a holiday or on the first day of school following a holiday shall be charged with two class absences.

ASSEMBLY AND CONVOCATIONS

All full-time students are expected to attend all assemblies and convocations. These occasions provide an opportunity to orient the student regarding campus activities and to enrich his general educational-cultural background.

CAMPUS FACILITIES & SERVICES

Administrative Offices are housed in the Administration Building. Administrative Office hours are from 8:30 a.m. until 4:30 p.m. Monday through Friday, during the regular school term. Whenever possible, students are encouraged to schedule appointments when they wish to confer with the administrative staff. This enables the staff to accomplish more work in less time.

COLLEGE BOOK STORE

The College Book Store is located east of the Science Building. Textbooks, school supplies, and second-hand books are available through this source.

BULLETIN BOARDS

There are two official bulletin boards — one outside of the Student Activities Office in the Student Center; the other in the Student Personnel Services wing of the Administration Building. Students are responsible for information posted on these boards within seventy-two (72) hours after the posting date.

CALENDAR OF EVENTS

The official college calendar of events is maintained by the Dean of Instruction. The activity calendar is available in the office of the Director of Student Activities. All official activities must be submitted to that office two (2) weeks before the date scheduled for the event in order that it can be approved by the Student Government and the Student Activities Board.

STUDENT CENTER

A Student Center is maintained for the convenience and comfort of the students. It includes a snack bar, a game area, and a lounge area. Eating is confined to the snack bar area.

FACULTY OFFICES

Each professor posts information regarding location of his office and scheduled conference hours at the beginning of each semester. Whenever possible, students are encouraged to consult with professors during these stated hours. This enables the professor to have more time for non-instructional responsibilities.

FOOD SERVICES

At the present time, campus food facilities consist of vending machines. Other food facilities are located within a short distance of the campus.

HEALTH SERVICES

Medical or hospital facilities are not provided by the college. In case of accident or illness students should report to the Student Personnel Office. Please do not report to the Nursing Department since it is not equipped to handle medical problems of any type.

LOST AND FOUND

Items which are found on campus should be delivered to the Telephone Switchboard in the administration building. The owner may have same by providing proper identification. Articles not claimed within a reasonable period of time will be disposed of.

MAIL

Students are not to cite the college as a mailing address except for correspondence directly related to college-sponsored student activities. The college assumes no responsibility for delivery or forwarding of mail directed to students.

STUDENT INSURANCE

The college has contracted with a private insurance agency to provide accident and health insurance for students. The entire expense of the insurance program is borne by the student. Claims or requests for information regarding the insurance program should be directed to the company's local agent.

TELEPHONE SERVICE

Pay telephones are installed at strategic locations over the campus. Students are not permitted to use college telephones except in case of a serious emergency. The college will not accept telephone messages or requests to call students to the telephone except in cases of serious illness or death in the student's immediate family.

USE OF COLLEGE BUILDINGS IN THE EVENING

Use of the buildings must be cleared well in advance with the Director of Student Activities and the Director of Admissions.

VISITORS

Visitors to the campus are always welcomed provided they do not interfere with the instructional program and provided they abide by the rules and regulations in effect for students.

COMMUNITY FACILITIES

CHURCHES. The college feels that spiritual and moral influences have a significant contribution to make to wholesome, well-balanced living. Practically every major religious

faith is represented in the Broward County area. Students are encouraged to align themselves with a religious group of their choice.

HOUSING. Housing facilities are not provided by the college. The college strongly discourages young people under the age of twenty-one (21) from moving into the community to attend college unless they can live with their parents or other relatives.

All unmarried students under 21 years of age must furnish the Dean of Students' Office with a statement that their parent(s) or legal guardian(s) are aware of and approve of their housing arrangement. This statement must be submitted on a form provided by the Dean of Students' Office. A similar statement must be provided anytime the student changes residence address. Failure to do so may result in disciplinary action.

RECREATION. Resources for recreation abound in the Broward County area. Students are reminded that a well-balanced program of recreation can make a genuine contribution to healthy, wholesome living.

TRANSPORTATION. The campus is readily accessible by automobile. Many students have formed "car pools" to facilitate transportation. Students can use one of the bulletin boards in the student center to let it be known whether they desire a ride or riders.

FINANCIAL POLICIES

Students' financial obligations to the college are on a cash basis. All fees are to be paid at the time of enrollment.

IDENTIFICATION. Each student is issued a receipt at registration, at the beginning of each semester. The receipt is to be kept at all times in the student's personal possession. It is to be used as an identification card. Full-time students are admitted free to certain college functions and are entitled to use the library. Part-time students are issued identification slips for identification purposes only. The receipt is to be kept on their person at all times. If the identification slip is lost it may be replaced by making application to the business office and paying a fee. Students must have this identification slip to participate in any college election.

LIBRARY FACILITIES

LOCATION. The book collection is housed in the reference reading room which occupies the center section of the second floor of the Library Building and entry is gained only through the main entrance which is reached by the south flight of stairs. The use of this room is limited to those students who will be using the materials shelved there. An additional reading room is located on the ground floor of the library, and this is the area that students who wish to study their own books or materials should use. In this latter room are housed also the reserve books.

HOURS. The library is open from 7 a. m. until 5 p. m. and from 6 p. m. until 9 p. m. on Mondays, Tuesday, Wednesdays, and Thursdays. On Fridays it is open only from 7 a. m. until 5 p. m. Presently the library is not open on weekends, but it is frequently open certain days during academic holidays. These days will be posted in the library prior to all academic holidays.

RESOURCES. The collection consists of about 20,000 volumes cataloged according to the Dewey Decimal System. Most of the books belong to one of three categories: (a) regularly circulated books which are kept on open shelves; (b) reference books which have an "R" at the top of their call number and which are shelved in the reference section; and (c) reserve books which are so designated by faculty members. In addition to the books there are approximately 200 journals.

CIRCULATION POLICIES

1. Regular books circulate for a period ranging from 15 days to 25 days, depending on the calendar date they were borrowed. The final loan period of each term is shortened so that all books must be returned before the examination period commences. The date books are due is stamped in the back of the book.
2. Reference books are rarely circulated.
3. Reserve books must be used in the library reading rooms. Under certain circumstances some reserve books may be checked out for home use. In general, those which may be checked out may be picked up at 3 p. m. to be returned the following morning before 8:30 a. m.

4. Journals are rarely circulated.
5. Unless another borrower is waiting for a book it may be renewed once. Renewals may be made by telephone if the borrower can give the library the date the book was due and its call number.
6. As a service to students wishing to use library material which cannot circulate, the library is prepared to make Thermofax prints (at a nominal charge of ten cents a page) of material which lends itself to photographic processing.
7. The responsibility for returning books to the library on time rests with the borrower. Overdue notices may be sent to remind delinquent borrowers of their outstanding obligations, but the library cannot assure borrowers that this procedure can be followed regularly. Borrowers who are so notified but believe the library is in error should at once discuss the situation with a librarian. The library is not infallible; errors can usually be recognized and corrected if the borrower will present his case immediately.

FINES. For regular books the overdue fine for late returns is five cents a day for each day the library is open. The fine for reserve books is twenty-five cents a day. A reserve book is late if it is not returned by 8:30 on the morning it is due.

Borrowers who lose books or other library material will be charged the price of the item plus a service charge of \$1.25 to cover the cost of correcting the records and processing a replacement copy. If the book is found within one year, the price of the book will be refunded but not the service charge. Borrowers who lose books are advised to notify the library at once so that some adjustment may be made in the fine charges which accumulate for overdue books.

SERVICES. The library of the Junior College of Broward County is dedicated to the philosophy that service to students and faculty is its first responsibility. Librarians give a higher priority to helping patrons than to any other aspect of library service. Students should never hesitate to ask librarians for help.

However, one of the desirable accomplishments of an educated person is an ability to use libraries. This can probably best be accomplished by the student's learning to find needed information, therefore the library modifies its basic philosophy to "helping students help themselves." Students who have not in their previous school work become familiar with the use of the card catalog, THE READERS' GUIDE, THE INTERNATIONAL INDEX, THE EDUCATION INDEX, THE ESSAY AND GENERAL LITERATURE INDEX, and THE NEW YORK TIMES INDEX should ask a librarian for a thorough explanation of these. Mastery of these sources will well repay a student by saving time and increasing efficiency in any search for information.

No student, however, should leave the library if he is unsuccessful in his search until he has given a librarian an opportunity to search for the answer to his problem.

BEHAVIOR. This section might well be subtitled "How to Succeed in the Library Without Really Trying (Too Hard)." By knowing the purpose of the library and understanding their responsibilities, students should have no difficulty in this matter of discipline if they act in accordance with these purposes and responsibilities.

The library is maintained primarily for patrons who wish to consult its resources. Only secondarily does it exist as a quiet place for patrons to use their own books and materials. Unfortunately, it does not exist at all as a place for students to study together. Students who wish to study together should do so in the student center, in vacant classrooms, or elsewhere.

Students will find that they can best accomplish their work if they do not sit with friends and acquaintances while working there. There is a pronounced tendency to talk when sitting with friends. Talking disturbs others and usually interferes with the talker's studying. The library staff cannot permit talking nor can it grimly patrol the reading areas to enforce quiet. Students who disregard the regulations on talking will be sent out of the library and will not be re-admitted for a period of days or weeks. Such students must use other library resources in their community or see if their instructors will borrow needed material and re-loan it to them.

Stealing books or willfully mutilating them are reprehensible practices and students are warned that such action can result in permanent suspension from the College.

PUBLICATIONS

Official College Publications includes the College Catalog, the Examination Schedule, the Schedule of Classes, and the Student Handbook. The student is held accountable for all information therein.

Student Publications includes the Venetian Crier; four issues of the "Silver Sands," a magazine yearbook; and two issues of P'an Ku, the college's literary magazine. These publications with the exception of P'an Ku, are free to all full-time students. Others may purchase these publications for a nominal charge.

RESIDENCE ADDRESS & TELEPHONE

Students are expected to keep the Office of Admissions and Records and the Student Personnel Office informed regarding their current residence address, mailing address, and telephone number(s). This information is necessary for official communication with the student and for use in the event of an emergency involving the student. Students cannot claim exemption from official information directed to their residence or mailing address if they have failed to keep the registrar's office informed of address changes.

STANDARDS OF CONDUCT

A college education is a privilege, not a right. College students are considered to have reached an age of responsible citizenship and are expected to conduct themselves appropriately both on and off campus.

Each student, by the act of registering for scholastic work at the Junior College of Broward County, obligates himself to obey rules and regulations which the institution formulates. The college reserves the right to discipline or dismiss any student whose conduct is considered unbecoming or detrimental to the college or the community.

Decisions to dismiss a student will be reviewed by the President of the College. The decision of the President of the College is final.

POSSESSION OR USE OF ANY KIND OF ALCOHOLIC BEVERAGE. Alcoholic possession or use is prohibited on campus or at officially sponsored off-campus functions. Failure to abide by the regulation will result in immediate dismissal from the college.

DRESS. The college conceives that it is intended to structure an academic environment not a resort atmosphere. Students are expected to abide by conservative standards in dress and personal appearance. Shorts or zorries are specifically prohibited on campus or at college sponsored functions except in physical education classes, or other clearly defined exceptions to this general regulation.

Men are expected to wear belts if their trousers incorporate same. Men are expected to wear shirt-tails inside the trousers unless the shirt is specifically designed to be worn outside the trouser. Beards, bizzare moustaches, or unconventional hair styles are not acceptable.

EATING is to be confined to the snack bar in the student center or other designated campus areas. Students can help improve the general appearance of the campus by attention to disposal of waste materials.

LANGUAGE frequently reveals a student's background. Vulgar or profane language will not be tolerated. Students are encouraged to develop effective oral and written communication as a means of self-enhancement.

LAW ENFORCEMENT on campus is a responsibility of the campus police. Students are expected to give these men the same courtesy and attention they would other law enforcement officers. Students who get into any difficulty with campus or community law enforcement officers are subject to immediate disciplinary action.

PROPERTY. Students involved directly or indirectly in the willful destruction of school property will be subject to disciplinary action which may result in automatic and/or permanent suspension from the college.

SMOKING is not permitted in classrooms. Safety precautions dictate that smoking be confined to certain specified areas of the campus. Here, too, students can help campus appearance by attention to disposal of cigarettes, cigars, etc.

SOCIAL AFFAIRS are provided periodically for interested students. Some affairs are restricted to certain campus groups while others are open to the student body as a whole. An attempt is made to provide a varied program of social activities in line with expressed student interests. Students are encouraged to participate in a reasonable number of social activities as a means of improving their socialization which is an important part of college life.

STUDENT PERSONNEL SERVICES

One of the major reasons for the existence of the Community or Junior College is its close attention to the needs and aspirations of individual students. This emphasis characterizes the instructional program and is frequently implemented by a variety of student personnel services.

The student personnel services of the Junior College of Broward County aim to help the student to become more independent; to make satisfying adjustment to college life; and to select in a wise manner his occupation, his help-mate for life,

and his way of life that will bring him the most rewarding results. These general aims are accomplished in some measure through the activities outlined in the paragraphs and sections which follow:

FINANCIAL AID

The college attempts to offer students a quality education at a minimum cost. It attempts to help worthy students who experience extreme difficulty financing a college education. However, it cannot assume the responsibility for financing a student's education. Every student should give attention to the cost of attending college and if possible should have sufficient funds on hand to cover his first semester's obligations at time of enrollment.

Several individuals and organizations within the geographic area served by the college have provided scholarship awards and loans to aid worthy students who need financial assistance. Funds available for this purpose should increase as the college grows in size and influence.

The college has been approved for scholarships provided by the Florida State Legislature to encourage students preparing for careers in teaching. These scholarships, valued at \$400,000 per year, are granted to students on a competitive basis. The promise of one year of teaching in the public schools of Florida for each year the scholarship is granted is required. Additional information regarding these scholarships can be obtained from the Superintendent of Public Instruction in the student's county of residence.

The college cooperates with the Division of Vocational Rehabilitation of the State Department of Education in providing financial and other assistance for students with physical handicaps.

ORIENTATION

The Orientation Program is intended to acquaint the student with campus facilities and services, college rules and regulations, and to assist him in making an adequate adjustment to college life. Participation in the Orientation Program is required of all full-time students during their first semester of attendance.

DEVELOPMENTAL READING

Developmental Reading Services are available for a limited number of students. This program enables students to improve reading comprehension, speed, and vocabulary.

TESTING SERVICES

Testing services are available to students of the college when such services will make a contribution to the students' educational, vocational, or personal adjustment. Information regarding testing services is available through the office of the Director of Counseling and Advisement.

OCCUPATIONAL INFORMATION AND ASSISTANCE

Job placement services are intended to serve all students needing employment to continue their college study, as well as those terminating their formal educational program at the college. The college cannot guarantee employment for every student. A sizeable number of students can obtain employment on a part-time basis on the college campus. Information concerning employment is available through the Office of the Coordinator of Placement as well as the Counseling Office.

COUNSELING & ADVISEMENT

Educational, vocational and personal guidance is available to any student upon request. Educational-vocational guidance is provided through the faculty advisory system and the regular instructional program. These services are supplemented by the staff in the office of the Dean of Students. This office has skilled educational-vocational counselors available to help the student explore himself and the world of work. Tests of interest, intelligence, aptitude, and personality are available, where such will contribute to the student's purposeful planning. Personal guidance is available through the faculty advisor, the Dean of Students, the Director of Advise-ment and Counseling, and professional personnel in the Student Personnel Department.

FACULTY ADVISEMENT

Every student is assigned a faculty adviser in keeping with his declared educational-vocational interests or objective. This assignment continues throughout the student's period of study at the college unless the student changes his vocational objective or either person requests a change of assignment.

The faculty adviser is primarily responsible for helping the student work out a program of study in view of the student's abilities, interests, and declared vocational objective.

VOCATIONAL COUNSELING

Vocational counseling represents one of the most important and far-reaching decisions a young person will make during his early adulthood. Much of his happiness and success in later life may well depend upon the adequacy of his choice. Though young people are urged to give serious consideration to this matter, this does not mean that the student must know what specific vocation he will enter at the time he enrolls in college. Many young people are not certain concerning their vocational choice at the time that they enter college. Many others make transitions in their vocational choice as they come to understand themselves better and have opportunity to explore the world of knowledge and work. Students who are not certain regarding their vocational choice should enroll for the "General Education" program. This program is designed to help the student explore the world of knowledge. It is relatively easy for a student to make a transition from this program to more specialized programs at a later date. Vocational advisement is available through the office of the Director of Counseling and Advisement.

STUDY SKILLS

The grades a student accumulates are an interaction of at least five factors, namely:

1. His basic intelligence;
2. His academic background;
3. His motivation;
4. His freedom from pressing personal problems;
and,
5. His study skills.

Constructive change can be effected in most of these areas. Study skills are particularly important for the college student. Long hours of study and hard study do not necessarily insure successful study. While it is true that what will work well for one student will not work equally well for another student, some general principles for effective study have been clarified over the years as a result of considerable experimentation. If the student needs assistance in this area he is encouraged to consult his instructor(s), his faculty adviser, a counselor and/or the Dean of Students.

VETERAN INFORMATION

This college is approved by the State Department of Education and the Veterans Administration for training. Veterans who plan to attend under any of the various veterans' training laws and dependents of deceased veterans who expect to enroll under the War Orphans Education Assistance Act, should consult with the local Veterans Administration office well in advance of registration.

Upon enrollment, veterans and veterans' dependents are required to pay all regular fees and charges, just as other students. Upon certification of approval and attendance by the College and Veterans Administration, educational allowance is paid monthly to the veteran for training time computed as follows:

- e. Traditional functions, when established, will have priority.
- f. File a petition in the office of the Director of Student Activities at least 14 days prior to function. An organization will be allowed one "late" petition per year. A warning will accompany the first offense. The second petition will be denied.
- g. The petition carries the date, location and hours of the function, budget, the agreement and signature of the President of the Organization, the Social Chairman and two Faculty Chaperones.
- h. One formal and two informals per semester are allowed each organization. Each chaperone must file promptly a written report of the function with the Student Activities Board.

3. PLANNING SOCIAL EVENTS.

- a. Hours.—Social functions must close at 10:30 Monday through Thursday nights and 1:00 a. m. for formals or informals on Friday, Saturday or nights preceding holidays. No social functions may be scheduled on the weekend preceding examinations. The Student Activities Board reserves the right to restrict or extend closing hours as it deems necessary.
- b. Location.—The Board encourages student organizations to use the Student Center for social functions. It is acceptable, however, to hold any social event in any approved place in Fort Lauderdale or vicinity. The Student Activities Board may disapprove a location because of distance, inadequate facilities, fire hazard, use of club room by members while rented to college groups, etc.
- c. Budget.—Each petition requires a budget.
- d. Conduct.—
 1. Each organization, including its faculty adviser, shall assume responsibility for the conduct of members and guests as follows:

- (a) Each member of a group may invite one guest only after he has been approved by the executive committee of the group. The written invitation to be presented at the door for admission must include the names of the guest and his host. No one shall be admitted without an authorized invitation.
 - (b) Each group shall send to the invited guests a clear statement concerning the proper conduct and attire which they propose to enforce.
 - (c) Each group shall be responsible for admitting only those persons who are appropriately dressed for a public social event. Scanty covering, underclothes, and sleeping apparel are inappropriate as costumes.
 - (d) Each group shall refrain from using those decorations, signs, and favors which are described by the term "bad taste."
2. An unauthorized auxiliary social function shall not be held previous to, concurrently with, or following dances or social functions by any student or student group.
 3. Any individual student or student group who sponsors, participates in, or in any way is connected with such events will be subject to disciplinary action.
 4. Neither intoxicants, including beer, nor gambling will be permitted in campus buildings or on the premises. Possession or serving of intoxicants, including beer, and gambling are forbidden at all social functions. Any function sponsored by or held in the name of a recognized student organization must abide by all regulations stated herein whether that function be held on or off campus.
 5. In accordance with state laws, the use of physical punishment of all types for initiation and hazing is prohibited. Responsibility for infraction of this rule lies on the individual and the group alike.
 6. The College Administration expects students to conduct themselves as ladies and gentlemen, to dress and to conduct social events in good taste, and reserves the right at any time to dismiss students whose conduct is deemed undesirable.

In order to encourage the development of leadership, as many different students as possible should be selected to hold responsible positions as officers in student activities. If a student is permitted to assume too heavy a load of activity responsibility, he will not only suffer academically but also some of the clubs he serves will suffer from lack of full leadership.
